## *Message From Our CEO*

**Dear Esteemed Eminae Members and Guests,**

**As we gather tonight for Eminae's Signature Holiday Black Tie Reception, I am filled with immense pride and gratitude. This evening is a testament to our journey together, marked by growth, success, and a collaborative spirit.**

**Reflecting on the past year, I'm inspired by the milestones we've achieved as a community. Our educational roundtables, CEO forums, masterminds and social mixers have not only strengthened our network but also enriched it with valuable connections and insights. Tonight, we celebrate your dedication and hard work, recognizing the remarkable achievements of our members.**

**Looking forward, Eminae is poised for a bright future filled with opportunities. With your support and participation, our plans and visions promise to elevate our journey to new heights. Our shared commitment to Education, Collaboration, and Celebration remains the cornerstone of our success.**

**As we enjoy tonight's festivities, let's toast to our accomplishments, the friendships we've formed, and the vibrant M&A ecosystem we've created. This celebration reflects our collective efforts and the promising future that awaits us.**

**I thank you for being an integral part of Eminae's story. Your engagement and contributions are invaluable, and I am excited about what we will achieve together in the years to come.**

**As we bid farewell to this year and welcome the new, I wish you a joyous holiday season and a prosperous 2024. May our paths continue to cross meaningfully, fostering growth and success for each of us.**

**Enjoy the evening, engage in profitable conversations, and make this a night to remember.**

**Warm regards,**

**Kyle Griffith

## *About Eminae*

**Eminae Network is an exclusive, membership-based organization that brings CEOs, investors, and elite trusted advisors together. We focus on advising and educating companies on maximizing the value of their exit or acquisition strategies. Eminae Network is dedicated to providing long-term strategies for organic or acquisition-based growth, helping forward-thinking businesses build value for a successful exit.**

**Our comprehensive suite of educational events includes round tables, CEO forums, CEO and advisor masterminds, and workshops. With a commitment to creating the #1 global Mergers and Acquisitions (M&A) ecosystem, Eminae Network cultivates a unique, collaborative environment where business leaders and advisors can access exclusive resources and support tailored to their specific needs and goals.**

**At Eminae, we are driven by our core values of Educate, Collaborate, and Celebrate. We strive to create a vibrant community where members can share knowledge, forge meaningful connections, and celebrate their successes together. Our mission is to be the premier destination for CEOs, investors, and advisors looking to maximize the value of their business endeavors.**

### Our Core Values

#### EDUCATE

We Educate and bring Value to the Small Business Community

#### COLLABORATE

# **BERT LURCH**

**CO-FOUNDER & CEO OF ECM**

**Healthcare Business Owner | Entrepreneur  
Advocate | E Central Medical Management**

**Bert Lurch is Co-Founder and CEO of E Central Medical Management (ECM) and oNet Systems LLC, two Long-Island based full-service medical billing and practice management firms. After graduating from SUNY Old Westbury, Bert began his career at Northwell's LIJ Medical Center. He and his business partner, Louis Burke, founded ECM in 1999. oNet, which is focused exclusively on out-of-network physicians and facilities, was founded in 2020.**

**As the industry becomes more complex, Bert has ensured that ECM has evolved beyond providing standard billing and collection services to a full-service firm offering consulting and compliance. Healthcare as an industry changes at lightspeed and most medical providers and organizations are unable to keep pace with the shifting regulatory, reimbursement, and business environment. Over the years, ECM has grown to include a team of professionals who are available to assist providers with the multitude of factors that affect practice management.**

**Bert's business philosophy is that business owners need to leverage two primary things: technology and human capital. Technology can often close the gap caused by inefficiencies. Choosing the right technology is an essential ingredient to the success of any business. In terms of human capital, Bert has seen first-hand the benefits of embracing a diverse workforce. He believes that companies can find that there is great talent available when they are open to hiring diverse candidates. Embracing this philosophy has been one of the keys to success for Bert, propelling the growth of ECM and enabling him to expand with the launch of oNet.**

**Bert is active in the business and non-profit community, serving as President of the Health and Business Alliance, a consortium of healthcare, non-profit and business entities. He serves on the boards of both Big Brothers Big Sisters of Long Island and the Queens Chamber of Commerce, where he co-chairs the Health and Wellness Committee. Bert is also an advocate for Diversity, Equity & Inclusion (DEI).**

## Kludg e.

(klooĵ) - a workaround or quick-and-dirty solution that is clumsy, inelegant, inefficient, difficult to extend and hard to maintain.

This app looks great, works smoothly, and is loaded with features. Why aren't we releasing it yet? Because it's a kludge.

At Cause of a Kind, we don't just look at the surface. Sure, our apps appear perfect at first glance. But we dig deeper. We inspect every line of code, scrutinize every function, and question every feature.

Why? Because we know that true quality lies beneath the surface. A kludge is an elegantly disguised mess - hastily patched-together code that might work now but spells disaster down the road.

We caught a kludge hiding in our latest project. It was cleverly concealed, but our expert, eagle-eyed developers spotted it.

It would have been slow, buggy, hard to maintain, and wrought havoc on budgets and goals.

So, we're fixing it. We're delaying our launch because we'd rather be late than sorry. We're dedicated to delivering software that's not just good to look at but great to use - now and into the future.
